Director,

Re: Response the Energy Security Target and Safeguard 2020 Consultation Paper

Energy Makeovers welcomes the opportunity to respond to the Energy Security Target and Safeguard 2020 Consultation Paper and lauds the NSW Government's commitment to developing the Energy Security Safeguard including the Energy Saving and the Peak Demand Reduction Schemes.

Energy Makeovers has significantly contributed to the formation of the Energy Savings Industry Association's (ESIA) response to the Consultation Paper and has therefore decided not to make a separate response.

Please let me know if you require anything further.

Sincerely,

Mark Wilson
General Manager NSW
